

Candidate Statement

RE: College Council Election 2022 (Electoral District 3)

It has been my honour to serve on Council since 2019, currently as Vice-President. I work as a Clinical Dietitian in primary care and as a Manager of a sub-regional Quality Improvement & Decision Support Partnership in Toronto. In addition, I have an appointment as a lecturer in the Temerty Faculty of Medicine (Department of Family & Community Medicine) at the University of Toronto. My career focus is to improve the health outcome of Ontarians through evidence-based clinical practice, data-driven decision-making, and coordinated client care.

I earned my Bachelor of Applied Science degree in Nutrition & Food at Ryerson University, Master of Science degree in Human Health & Nutritional Science and Master of Applied Nutrition degree in Dietetics at the University of Guelph. In the past, I served as the Acting Chair of Dietitians of Canada Ontario Family Health Teams Network and the Lead of Diabetes Community of Practice at the Association of Family Health Teams of Ontario.

Recently I was awarded the Quality & Innovation Faculty and Staff Impact Award by the University of Toronto, the Member Recognition Award (Innovation) and Member Recognition Award (Leadership) by Dietitians of Canada, and the Preceptor Award of Excellence by Brescia University College.

CDO Committees Served

- Executive
- Registration
- Quality Assurance
- Professional Practice
- Discipline
- Fitness to Practice
- Registrar Performance and Compensation Review

I would look forward to continuing to be actively involved in the College's Strategic Plan and Goals 2020-2024 which includes the modernization of its governance model. With the understanding, knowledge and skills I have gained these past 3 years on Council, coupled with my experience in quality improvement and performance evaluation, I would welcome the opportunity to continue serving on Council.
